Invertebrate Zoology A Laboratory Manual

Synopsis

THERE IS NOW A SECOND EDITION OF THIS LABORATORY MANUAL, PUBLISHED IN OCTOBER 2016. The 2nd edition has been retitled as "Laboratory Exercises in Invertebrate Zoology" by Alan Holyoak. The 1st edition will continue to be available for the time being, but if you are interested in this topic or a lab manual on the invertebrates I heartily encourage you to look at the 2nd edition. The 2nd edition includes 86 new pages of material, 71 new figures and 46 links to supplemental video material on the biology and ecology of invertebrates. It will be available in hard copy and as a Kindle book. A Kindle companion copy of the 2nd edition is available for \$0.99 with the purchase of a hard copy.

Customer Reviews

Very good and up to date. Images are clear and informative. I make my own labs, but use this manual to supplement. Works very well. He covers the common essentials. Enough detail to cover the topics without getting bogged down.
