Customer Reviews

I thought I was ordering the actual movie, and got a book. Wasn't worth the money to return it.

My 9 year old saw the movie not too long ago. She liked it so much she wanted to get the book. When she got it, she could not put the book down. My daughter loved this book.

My kids love this movie and I wanted to get them a copy. It was sold out locally so I ordered it. I went ahead and ordered the book for them as well. With quick shipping from Prime it was here in no time.

This book is so cute, I love this movie and I love to read. I have the DVD but I'm like obsessed with

this movie and after watching it so many times it's fun to read it instead.

By turning the tv show into books has been a huge attraction to reading for my daughter. Even though she has already seen this movie, she still begged to get the book.

Not a day goes by that my daughter wont watch this movie.Her favorite by far and she asks for it before her other movies.

My daughter loved the movie and she has to read for school and as soon as this came in the mail she switched books and started reading this and loves it.

Gift for 11 year old girl who loves the movie.
