Five stars? Is that all I can give? Really, this book deserves so much more. The techniques provided on these pages, as well as the suggestion it gathered, are worth far more than five stars and I would consider this book to be a great bargain at twice the price. Keep up the excellent work, Charlotte Moore. Highly recommended.

I love this cookbook everything is creative and delicious. I have tried many of the recipes in this book and my family and I have actually enjoyed all of them. Thanks

Wow, this book has great Vegan recipes I love the taste of winter vegetable stew, white bean stew, vegetable stew with mushroom and tasty corned vegetables I will try to cook another menu on weekend. Super like!

Going Vegan is the healthiest thing out there! With these recipes your lunch and dinner becomes delicious. I like the diversity. Thanks

I love cooking by means of instant pot. Dishes cooked there are always very tasty and have health benefits. I have found very interesting book with quick, easy, tasty compositions to follow. Vegan diet is very useful for health, and this book is a perfect choice for me. Vegan instant pot recipes represented there will help you live long healthy and happy life. Strongly recommended.

This is an embarrassingly large selection of vegan instant pot cooker recipes to choose from. Most are naturally or wholly vegan while others have vegan options or can be made vegan by removing one non-essential ingredient (cheese or yogurt). These instant pot recipes are perfect for those who are looking for foods during their inconvenient moments. It will not just satisfy their tummy, but will

definitely bring comfort to them.

Mostly in our family are vegetarian so when I got this book from my best friend I was really grateful and happy. I'm excited to try new recipes to prepare for my family. We all love being healthy and until now we keep on making our own version or recipes. This book is packed of great and healthy recipes. Thanks to the author. Will definitely try all the recipes here soon.

I haven't tried any of the recipes yet, my instant pot is still enroute, but many of the recipes use ingredients I already have. Looking forward to trying it out. (One recipe asked for bacon---oops, mostly vegan book.)
