Maggie Bean Stays Afloat

Synopsis

Here's what's new with Maggie Bean: At the end of her tumultuous year, Maggie Bean is a very happy, healthy girl. After months of Pound Patrollers attendance, diet, and tough swim workouts, the scale now reads 150. But Maggie isn't resting on her laurels - she's got a busy summer ahead. Not only is Maggie spearheading a Pound Patrollers kids' program but she gets a junior camp counselor job at Camp Sound View. Camp Sound View is a whole new world for Maggie. She works with kids from other schools who don't know her, or what she looked like a year ago. Everyone's friendly, boys treat her like a real girl, and Maggie is mesmerized! The experience is something she knows never would've been possible the summer before. Wounded by Peter's recent rejection and flattered by the unexpected attention, Maggie immerses herself in everything Camp Sound View has to offer. Her confidence grows, and before long she's cracking jokes and initiating conversation without worrying (much) about what people think. It's all fun and games until Maggie becomes so involved, people (Aimee, Arnie and her family) feel neglected. Will Maggie sacrifice old friends for new ones? Will she change what's on the inside as people respond to her changed outside? Can she blend her two worlds together? And will all this tension send her seeking solace in old habits?

Customer Reviews

Tricia Rayburn lives on eastern Long island with her fiancÃ© and crazy shih tzu. She tries to eat vegetables instead of candy but, in her weaker moments, loves Reese's Pieces. The Melting of Maggie Bean is her first novel.

I Disliked that the so called "friends" weren't treating her right they weren't good people and didn't deserve her friendship or trust. But overall I thought the book was the most wonderful thing ever. P.s. I'm glad Maggie and her family were able to get the house

If you liked The Melting of Maggie Bean, you have to read its sequel. Tricia Rayburn eloquently captures the struggle many young girls today are faced with...and reminds readers along the way to stay true to themselves. Off to buy book three in the series now!

very pleased, thanks!

I loved this series since the first few sentences of the first book. The 2nd book was everything I expected and more! It's enjoyable for anyone.

Cute story.

At first it wasn't really grabbing me in but once you get through a few chapters it really grabs on to you and doesn't let go

Maggie hasn't eaten chocolate in 92 days. She's in great shape thanks to her newfound love of swimming. Plus, her days at Pound Patrollers are coming to an end, or so she thinks. She and Arnie are asked to help create a Pound Patroller program for kids. In addition, Maggie also becomes a summer camp swim instructor. Soon, she's hanging out with other swim instructors and becoming one of the in crowd. Will she blow off her old friends to become a popular girl? The second novel starring Maggie Bean shows her inner struggle as she tries to find her comfort zone in her new body. Her frustrations and dilemmas make you want to laugh and cry along with her. Reviewed by: Jennifer Rummel

This book was a good continuation for The Melting of Maggie Bean. Maggie continues her journey through middle school after losing 40 pounds (you go girl!). I recommend this book for ages 8-14.
