This really takes me back, I can't believe how many crazy 90's things are jammed into this coloring

book. The first one I colored here is almost exactly like an outfit I had, purple flowers on a jean vest, so cool! One of my favorite thing about this book is the playlist of 90's songs. With Spotify you can just hit play and color away! It's the closest thing to time travel you'll ever get.

This coloring book really captures the 90's well and brought back so many memories. From rollerblading, boybands, virtual pets, outfits, early internet- it's all here!! I love how detailed the illustrations are and am having lots of fun coloring the pages. Would be perfect to have at a 90's party!

Such a cool book! If I have any complaints it would be that I wish the pages were perforated since I like to tear pages out of my books to put into a binder once completed. Designs are beautiful! Having childhood flashbacks!

One of two favorite coloring book publishers, LightBurst Media selects a topic, in this case, the 90's, and as usual, delivers detail and quality. Highly recommend any of their books

Love this coloring book. So much nostalgia! Basically everything from my childhood. Pogs! Tamagotchis! Macarena! Beanie babies! Snap bracelets! The pictures are super cute and fun and printed single sided. I definitely recommend this for a trip down memory lane.

Very poor print. erase a spot near eye and the whole eye disappeared.. Very POOR quality..

Love this book
