Customer Reviews

A great way to venture into the world of jazz playing. Great exercises that emphasize articulation and rhythm right from the beginning. For the teacher, this is an excellent program for a large ensemble to begin with.

Good instructional material.

This is a fabulous, simple and straightforward method for learning the elements of jazz. I was so impressed with it that when I found the second CD in the used book I originally bought was cracked, I went out and bought another copy (for clarinet and direct from the publisher). Very highly recommended.
