Essential Jazz

Synopsis

A complete jazz chronology, ESSENTIAL JAZZ delivers a thorough and engaging introduction to jazz and American culture. Designed for nonmajors, this brief text explores the development of jazz, from its 19th century roots in ragtime and blues, through swing and bebop, to fusion and contemporary jazz styles. Unique in its up-to-date coverage, one-third of ESSENTIAL JAZZ is devoted to performers of the 1960s through present-day performers. The text's flexible organization and clear, interesting presentation are designed to appeal to students with little or no music background. Accessible, informative Listening Guides provide a rich sociocultural context for each selection, giving both newcomers and aficionados a true feel for the vibrant, ever-changing sound of jazz. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Customer Reviews

The title says with access number and CDs, but those didn't come with it.

No Access Code, the publisher sells a digital code that has to be physically mailed...

Book is great. Though I guess I missed the fine print where it says renting it doesn't guarantee the cd's it needs with it.

Cool information about Jazz

There are no cds

informative and updated version, made it simpler with its timelines.

It is for a college class. Great prices for renting books

Well. It SAYS CD in the title...but no cigar-I mean CDs. Um...OK...guess I'll try again somewhere else.
