## Customer Reviews

Cheap but black and white, missing signatures, many typos, unrealistic prices, missing 2015 and early 2016 issued notes even though they came before the publication.

Excellent overall still needs a little work on singniture varieties which in some cases are mentioned

by number but lacking examples for identification. I have been buying these books for over 20 years and find them to be the best value and most informative.

Very accurate, fast shipping, item received safely, highly recommended!!, Thanks

This replaced a 14th edition catalog. Promptly shipped, pleased with purchase, would buy again.

I am very satisfied of this purchase.

good review book

This is a very useful book, but I really wish it was in color. It's all black and white, which makes it harder for me to use. The pictures aren't all that great, and the printing is pretty small. It's kind of like reading a newspaper. I think it would be better if they split this into multiple volumes, used larger text, and added color photos. I wouldn't mind paying a little more for it.

Excellent, a must have for World Paper Money collectors.
