We love this series! I have a 5 y/o boy and a 7 y/o girl and they both love all of these books. When we discovered this one right before St Patrick's Day we loved it even more! Some of the books use characters from other books in the series so the kids are learning to follow chapters and characters from the past. The price is great too!

Cute books. Condition just as the listing said. Pretty fair price.

My six year old loves this series! It took a while to find books he likes, but thankfully this whole series has been a hit!

good

Another great Bailey School Kids book, my grandson loved it.

My daughter is a fan of the series and she was very pleased with the book

If you have a grade-school reader at home who loves both basketball and the Bailey School Kids, they will be sure to love Leprechauns Don't Play Basketball (The Adventures of the Bailey School Kids, #4.) Our eleven-year-old adored it and read it from cover to cover as quickly as she could -- even passing up TV time to finish it! Good book!

My 7 year old grandson really enjoyed this delightful story which he was able to read with a little help from me.
