Bluegrass Adventures I: Then... And Now! (A Mountain Music Storybook)

Synopsis

One day, Janice came by and said, "Hey. I've had this idea for a long time. We need to write a book about bluegrass. We need to write about the early roots of the music, and we need to follow it all the way down to today. We'll tell stories of the early bands who crammed into old cars and headed down the road with the bass tied on top. We'll tell stories of the successful bands out there today (in some cases the same people) and of the big buses they ride as they tour the country." "That's a great idea," Jeffrey agreed. "We need to start writing it soon!" "And remember," Janice admonished. "It's got to be fun to read and full of laughs and good times."
