Customer Reviews

Melanie Shawn is revisiting Hope Falls & is bringing us another great couple to fall in love with. Eli Bishop is a firefighter on the same crew as his cousin Deanna, the first female firefighter in Hope

Falls. He's having trouble sleeping, even after exhausting double shifts. Six months ago he ran into his childhood sweetheart in Vegas & hasn't been able to get her out of his mind. On the day they were to elope, he'd left town & enlisted in the military. From her attitude, even though she'd apparently moved on & got married, she still hadn't forgiven him. Why couldn't he get her out of his mind? Mackenzie Sutton is filming a documentary following an MMA fighter through training to a big fight. The fighter, Gabe, is Hope Falls fire chief's cousin & Gabe is going to train in Hope Falls. Mackenzie is excited about the opportunity to see Gabe get the acknowledgements he deserves but also to spend time with her best friend, Deanna again. She just isn't aware the Eli lives in Hope Falls too. The writing duo of Melanie Shawn has done it again. Eli & Mackenzie are a great couple. All of the characters are well developed & three dimensional. The readers are engaged from the very beginning by Eli & the idea of a broken engagement. The interactions between Eli & Mackenzie keep you involved due to the chemistry & the fight to resist it. The town of Hope Falls has so many wonderful characters & it's great to catch up on them. This is one series I don't think I'll ever tire of.

Eli a paramedic and firefighter & Mackenzie a documentary film maker have a past. A past that both of them have to face when Mackenzie returns to Hope Falls to film a documentary of MMA champ Gabe who happens to train with Lucky which is the same Gym that Eli works out at. Seeing Eli again brings back all those old feelings that she tries so hard to fight. Eli has always loved Kenzie and seeing her again he knows he won't stop until she is his. But will she forgive him when she finds out the real reason he left for the Marines or are they destined to be apart forever. This book is filled with such heart and I love the sparks that fly when these two are together. I love a good series and Hope Falls is one of my favourites. Even though it is a series they are all individual standalones and can be read separate. However, if you want to know more about the characters of Hope Falls there are 12 books before this one that are most definitely worth the read. I can't wait for Gabe's story next.

Every month I look forward to the next Melanie Shawn book (and I'm always disappointed if there isn't one like there wasn't in July). This was worth the wait though. Finally, we're getting the stories of the firefighters, starting with Eli. Eli and Mackenzie were meant to be together, they both thought so, but when things beyond their control happened, and he left for the Marines without telling her goodbye, she moved on. But now she's back and seeing Eli again brings back all those old feelings, feelings she's determined NOT to act on. I'll let you read how well that works out for her. I really enjoyed this and I can't wait for the next one. I'm also hoping that someday soon Theo will get his

happily ever after.

The town of Hope Falls has so many wonderful characters that it is great to catch up on them. This was a second chance at love for the both of them. Her father is a mean and ruthless man who did the unspeakable. (I wish that we would have had a confrontation with Mac and her dad after she new the truth) I love the writing team of these sisters. The chemistry of this couple is fantastic. Their story hits all the emotion that people go through. Loved it View tips and guidelines

I loved this story. I thought Eli & Mackenzie made a great couple. Of course their lives weren't picture perfect, but some how they finally find their way back to each other, even though it took place years after her father interfered with their plans. I felt so bad for Theo, IMO- unrequited love is worse than finding no love at all. I was so happy the way this whole story unfolded, but I was a little disappointed in the ending. I wanted more. I wanted to see them finally get married. I wanted to see what life held in store for them years down the road. But most of all....I wanted to see what her father's reaction was to finding out they got married, despite every lousy thing he did to try to stop it.

Eli and Kenzie were buddies growing up, until their relationship turned into more. They thought they'd be together forever but someone manipulates the truth in a bid to keep them apart. They met up again, years later. Can Eli tell Kenzie the truth about what really kept them apart? Can they overcome the past and reignite the sparks between them? This is the 13th book in the Hope Falls series. It can be read as a stand alone story but I recommend reading the whole series so you get the back story on the other characters that walk with this story.

I love returning to Hope Falls. Eli and Kenzie share a bond so deep that distance, time and secrets can not keep them apart. Even through the fires of life love can always emerge.

A great second chance at love story. Classic Melanie Shawn.
