Comprehensive Band Method, Drums & Mallet Percussion, Book 1 W/ 2 CDs. (Standard Of Excellence)

Synopsis

The Standard of Excellence ENHANCED Comprehensive Band Method Books 1 & 2 SECOND EDITION combines a strong performance-centered approach with music theory, music history, ear training, listening, composition, improvisation, and interdisciplinary and multicultural studies. Each book includes personalized access to Accompaniment Recordings, flash cards, plus a full-function recording studio, tuner, and more all powered by Pyware's desktop or mobile INTERACTIVE Practice Studio. Students will find the new package makes practicing not only more fun but more effective, too! The result is one of the most complete band methods available anywhere.

Customer Reviews

Book is nice but I bought the higher priced version because it said it came with 2 CDs. The book arrived without the CDs. I have requested a replacement and hope that the next shipment actually comes with the CDs. I received my replacement today and it again did not come with the CDs. Very disappointed that I paid the higher price for the book that said it came with two CDs and came twice without.

Purchased this for my middle-schooler who is in Band, so he wouldn't have to use the raggedy used copies that the school has. This version is the "enhanced" version of the original book. I'm not sure what's different, as I haven't noticed anything different from this version and the original version that our school uses except that this version seems to come with two CD's. My son is able to use this enhanced version just fine even though his Band class uses the original version.

Its not the product, its the lack of the product. I have ordered this product twice and it has been missing the CD's both times. The book is fine, I just wish someone paid enough attention to ship the entire product as it is advertised, gets old getting incomplete orders.

CD software will not install. Weblink provided to get software download does not work.

This book is very helpful for beginners who are attempting to learn how to play an instrument. It has classic songs and Christmas song which are fun to learn with the season approaching. In the beginning of the book there are helpful hints to keep you hand coordination.

Great book for beginners...progression is steady, reasonable, very do-able. Standard of Excellence is a wonderful series, I have used it for several different instruments.

perfect book at a great price

Based upon my grand-daughter's word,I have found that her music reading skills, dormant for a little while, have come back; and, she now enjoys playing in her High School band with her peers. I find this Comprehensive band method has helped her significantly along with her teacher who suggested it.
