Archangels & Ascended Masters

Synopsis

Archangels and Ascended Masters is a thoroughly researched book in a lively encyclopedia format, listing 77 divinities from Greek, Roman, Egyptian, Asian, Babylonian, Tibetan, Buddhist, Celtic, Theosophical, New Age, Catholic, Cabalistic, Jewish, and Christian roots. Doreen carefully studied and wrote about the history of each deity, what role they serve today, how they can help us with specific life problems, and how to call upon each one. Doreen spent time in communication with each divinity to ensure that the being was reachable, and to discover the essence of his or her personality and current dealings with the world. And within these pages, she includes a channeled message or impression from each of the ascended masters and archangels. Many of her channelings were conducted at power points throughout the world, such as Stonehenge in England; the Irish coast; Kona, Hawaii; and the New Zealand rain forest. A comprehensive chart lists a number of life situations, such as Addictions, Finding a Soulmate, Emergency Money, Healing Physical Illness, and various personal and family concerns. Beneath each topic is the list of whom to call upon when dealing with that particular challenge. Doreen also includes prayers to call upon multiple divinities for specific issues such as increased clairvoyance and resolving conflict.

Customer Reviews

I thoroughly enjoyed reading this book. It's informative in a near-encyclopedia sense. It's practical in the way the guide to working with the archangels and ascended masters is laid out. My favorite part of the book, interestingly enough, is the whole front section - prior to the guide. To those who plan to purchase it, please don't skip over it. (I have a feeling that happens more often than you might think.) There is great wisdom and inspiration there, and, for me personally, great resonance. If you are working with the archangels and/or ascended masters, or would like to, this book can help you.

Bought it to go with the Ascended Masters oracle deck, it's got some wonderful info in a condensed form and works well with the decks. I love the prayers that are in the book.

I like this very much and will use this as a reference, maybe not quite as much as her Angel number book, but still a lot. I like that deals with Archangels, as well as Ascended Masters. Has something that should appeal to all. Plenty of good to know and helpful info.

It's the best! I use this book as a reference guide and have for several years! I now have it on my iPad & phone! I've given this book to at least 10 people as Gifts throughout the years and they in turn have given it to their friends & family as gifts! It doesn't matter what religion you are, or if you don't belong to any certain religious group. This book lists so many Archangels & Ascended Masters & Doreen Virtue gives great background on each one. Each chapter tells what that Angel or Ascended Master helps with, specializes in. There are prayers & invocations to use or to help guide you in using your own words, to ask for help in each chapter. I recommend this book all the time, it's really my guide to all areas of my life. And you can't beat 's price or packaging & shipping! I highly recommend this book & if you are on a Spiritual quest, Doreen Virtue, is a great place to start, she's really amazing! I hope this helps anyone searching!

Just what I had been looking for, which was a more complete assemblage of spiritual teachers, their origin, name interpretation and their specialization in one book. A great appreciation to the author.

wonderful source of information

Well written. Very helpful.

I'm not usually into angels and such but I was very intrigued with this book so I had to get it and I'm so glad I did. It's an easy read, got through it in about 2 or 3 days. Highly recommend! This book works. I tried some of the prayers within and they actually worked for me. Give it a try you have nothing to lose.
