# New Directions For Strings Viola Book 1

## Synopsis

The FJH Music Company is proud to present New Directions for Strings, the first string orchestra method book written by a team of pedagogues representing each of the four stringed instruments. With more than 100 years of combined teaching experience, the authors of New Directions for Strings explore many new directions, including equal integration of all the instruments, a tetrachord-based approach to support proper development of the left hand, and ensemble opportunities that occur throughout the book. Supplemental music by Soon Hee Newbold and Elliot Del Borgo. Includes 2 Play-Along CDs.

## Customer Reviews

This was the book that my son's 6th grade music instructor told me I needed to buy him for his Viola lessons. This book is MUCH less expensive on then it is in the music store and it is much more accessible. This book really helped my son learn the basics of playing the Viola. He had never picked up an instrument prior to playing the Viola and the way this book is laid out it is very clear and easy to understand. It comes with a DVD in the back that really helps as well. I highly recommend this book to anyone that wants to learn the Viola.

Pretty basic book but most schools use it. Reliable information and pretty well written actually. It has its upsides but honestly, I always recommend Suzuki Method for my students.

This is the standard book needed for my daughter's lessons. It was in great condition; I like the fact

that there are questions throughout the lessons that she can answer.

We have this at our school and I LOVE it!!!!!!! On some kids the cover fell off it because they don't take care of it but this is great!!!!!!!!!!!!!!!!!!!!!! Viola/Violin player
