Discovering Our Past: A Brief Introduction To Archaeology
Discovering Our Past: A Brief Introduction to Archaeology introduces students to the techniques, methods, and theoretical frameworks of contemporary archaeology in a brief format. Adopted and streamlined from the authors' hardcover text, Archaeology: Discovering Our Past, this book provides students with a variety of archaeological perspectives through comprehensive information on contemporary methods and theories. Illustrative examples and case studies represent a temporal and geographic balance of both Old and New World sites.

Customer Reviews

Robert J. Sharer is Shoemaker Professor in Anthropology at the University of Pennsylvania and Curator of the American Section at the University of Pennsylvania Museum. He has published over 100 scholarly articles, and several monographs reporting the results of his archaeological research, including a three-volume Chalchuapa report (1978), and a one-volume Verapaz report (1987). He is general editor of the Quirigua Reports, with four volumes published (1979, 1983, 1993, and 2007), and general editor of the forthcoming Early Classic Copan Acropolis Reports. He has co-edited five books, including Regional Perspectives on the Olmec (1989) and Understanding Early Classic Copan (2004), and is the author of Quirigua: A Classic Maya Center and Its Sculpture (1990), Everyday Life in Maya Civilization (1996), and three editions of The Ancient Maya, the most recent a completely revised work in collaboration with Loa P. Traxler.Wendy Ashmore is Professor of Anthropology at the University of California, Riverside. Her research centers on settlement patterns, household archaeology, gender, and ancient space and place in southeastern Mesoamerica.

Bought a used textbook, and it came in almost brand-new condition. Slight marks on the cover, but it doesn't affect the material within the textbook at all.

It was really worn down and damaged.

Good condition highly recommend it

Perfect quality.

Nice !
