Baby Farm Animals (A Little Golden Book Classic)

Synopsis

No one has illustrated animals with as much warmth, humor, and realism as Garth Williams. This classic "full of piglets, kittens, calves, and bunnies" is one of his best. Simple, humorous text identifies each fuzzy, furry, or feathery farm animal capering about the farm. This longtime favorite has been reissued for a new generation of kids, who will "pet" the animals on each page over and over again!

Book Information

Series: Little Golden Book

Hardcover: 24 pages

Publisher: Golden Books; First Edition edition (December 7, 1993)

Language: English

ISBN-10: 0307021750

ISBN-13: 978-0307021755

Customer Reviews

No one has illustrated animals with as much warmth, humor, and realism as Garth Williams. This classic-full of piglets, kittens, calves, and bunnies-is one of his best. Simple, humorous text identifies each fuzzy, furry, or feathery farm animal capering about the farm. This longtime favorite has been reissued for a new generation of kids, who will "pet" the animals on each page over and over again!

Garth Williams was a prolific illustrator of Golden Books. His illustrations have brought to life Charlotte's Web, Mister Dog, Home for a Bunny, Stuart Little, and many other children's classics.

This book is absolutely darling! I had this as a child and remember looking at it over and over. It is

instructional in that it tells the reader that a baby goose is a gosling, cats have kittens, dogs have puppies, etc. Sounds elementary, and it is, but to a young child it introduces a few new words. I actually still have my original book, but it has been battered and beaten up. My book was a hardbound book and all I can say is it is over 50 years old. Yikes! Golden books are the gold standard.

This is a great little book to educate little ones so they can identify animals and their sounds. The illustrations are lovely and the book was a great value. My only complaint, as with the other Golden Books I purchased, is the print size. It is very small and can really put a strain on your eyes.

This is a fave book at our house. This is our second copy! Beautiful illustrations and not too many words. My 9 month old loves this one, as does his 2 1/2 year old sister. A+

Exactly what I ordered! Love it!

Super cute book!

I was disappointed in the little Golden Books I ordered for my granddaughter for Christmas this year. The pages and the book covers were not cut properly and the covers were a bit small, both lengthwise and widthwise. I don't think I would purchase these books again on line. It's worth the extra couple of dollars to go to a book store where you can put your hands on the books and get one that looks like it was made properly, especially when it's a gift. The quality was just not what I expected or hoped for.

Great book for kids !!

If you have a toddler with a short attention span who loves animals, this is a great book. My daughter loved scrolling through the pictures while I loved it because it gave the lay-man's name for the "baby" animal and the technical name. It's concise as far as sentences with pictures, which makes her happy that I'm not reading aloud so much.
