## Customer Reviews

The author of the book, Cajun Self Taught, the late Rev. Jules O. Daigle, narrates in English and pronounces in Cajun French the lessons from the book. These audio lessons were recorded by the author as a companion aid to the book of the same name, but even without the book it would still be very helpful to anyone wishing to learn to understand and speak Cajun French. The original recordings are on four cassette tapes, and these tapes have been mastered into this set of three compact discs.

I am an in home Hospice Chaplain and am on the road several hours each day. During my drive between patients I have been listening to Father Daigle's CD's. My family is from Louisiana but the culture and the language has been lost over the years. I feel this is the best way to restore our past and Father Daigle has given me the materials to do so. Excellent in every way I also have the books that compliment the CD's.

Purchased this for my daughter who is trying to learn the true Cajun language. Thank you for having this in stock. It is truly a treasure for anyone who wants to learn the true Cajun language.

Cajun is a very hard language to learn. Unless you were raised around the Cajun language I find it almost impossible to learn to speak fluently. Father Daigle did an excellent job with the book, CD and dictionary. If you are very dedicated to learning this would be very beneficial.

Lists words, offers no drills. About as useful as a dictionary for learning the language. Nice guy, the author, but save your money.

Easy to use.

A year ago I decided that I wanted to learn my family's native language. I grew up hearing my grandmother, mother, aunts and uncles speaking French. Like most young/middle-aged people growing up in south Louisiana, we were not taught the French language. Our older family members were punished at school for speaking French. In turn, we were not taught how to speak French by our family members because it was considered a bad thing. How sad!!! I am presently in a Louisiana French class that is taught in my town. I love this class and I love Father Daigle's books!! Father Daigle's book, dictionary and cd's have helped me tremendously! I keep these books in reach in my home, especially when speaking with my mom. The great thing about this particular book is that it takes the English word, translates it into Louisiana French, and then has a phonetic code to help you pronounce the words correctly. My mom learned French only by hearing, so I do correct her pronunciation of some words. My mom and I are having a great time studying Louisiana French and speaking with one another. These books are a great asset for anyone who wants to learn Louisiana French. Bon JournÃ©!

it refers to a book a lot which does not come with the cd

Excellent very good item, very informative
