In the 90s I saw a notice that a new cookbook was being planned with quilters in mind. Anyone willing to send in three recipes and test three recipes from someone else would get the cookbook for free. Needless to say, I sent in my three and tested three, I had my copy of the book until my divorce and only Heaven knows what happened to it after that, but thankfully, I have found another copy through a wonderful seller. I have searched for it for 14 years! (Of course I could not remember the full title so that added to the problem). It is a great book with really good recipes that leave a lot of time for quilting or other activities.

Wow, I'm glad I paid attention to positive reviews here! This book is compact and full of great, every day recipes that I know I will make time and again. There are no fancy pictures, no glossy pages, just solid recipes, several per page, in column format. Recommended.

Favorite cookbook EVER!! Use it all the time and have had to replace twice!! Am ordering as I find them and giving to all my friends!

--and its not just for quilters! One of my son's in a very casual way picked it up and before he finished his visit wanted to make a copy of a recipe he had been long looking for. The recipes are simple, easy and timeless. I would definitely buy again.

I LOVE this collection by a wonderful quilter!

Have had this cookbook for several years. Recently purchased for a wedding shower gift for a

niece. She loves it too. My husband and I both cook and collect cookbooks. We have an entire bookshelf of cookbooks. This is one of the first ones we pick up when looking for something new to try. I use the recipes time and time again. Well written, easy to follow, common ingredients, good home cooking. Buy it, you won't be sorry.

I purchased this for my new daughter-in-law because it's a great collection of recipes - and because some of them are mine! Don't know why, but quilters also tend to be good cooks - and always on the lookout for nutritious ways to feed their families that take the least amount of time away from their sewing.

One of the three cookbooks I use. It's my favorite!
