amazing book so excited to have received it. It did take awhile but so worth it. what a blessing.

Lots of wonderful ideas for painting stones! Beautiful pictures and step by step directions!

I am very happy with book and scripture rocks I have been able to create from reading this book

I bought this book because I'm wanting to be a missionary "rock-dropper". I'd hoped there would be a list of scriptures that would fit nicely on the rocks, but I guess I'll have to trial and error. I saw the people in Louisiana are going great guns using this idea and this is what I'm wanting to do. Our churches needed to be more active in this type of thing. It's new and inventive and we can drop these painted eggs, after we have rain proofed them, anywhere.

Easy to follow instructions, Absolutely delightful ! Very Inspiring . I haven't stopped painting .

What a great way to spread the word. Detailed instructions that can easily be used on any project. I bought several for gifts and everyone loved the book.

As in all her prior publications Terese has again given amazing step by step instructions for creating beautiful handmade projects at home. With her newest book, Scripture Rocks, she proves what a true artist she is using whatever medium she chooses - fabric, wool and now paint and rocks!

Great little book with big suggestions & easy to understand visual & project oriented instructions~
