This has become one of my new favorite series!! I should of researched how many books there are at first though because I'm totally in suspense now after reading book 2 to see how certain things play out. I really enjoy Caine and even though some times I get frustrated not knowing everything about Rosalind's past yet, I know that is part of the intrigue of why I literally finished this book in less than 24 hours lol. I cannot wait to see what happens next!!!

I liked this book better than the first one. The story moved well. There is a continuing arc that left much unresolved. I will continue with the series.

Interesting story. Cant wait for the 3rd book.

I wasn't going to buy this book because the first book was OK but did not flow well for me. But I am glad I did purchase this book, it flows better and the characters grow in depth. I look forward to the next book.

Good story - nice action. Not a great. Ok but good enough to enjoy the series and I will purchase the next book

Another amazing book by CN Crawford. I have been waiting for this latest installment and it did not disappoint. The whole book was like being on a roller coaster - an awesome, badass roller coaster! I am really enjoying getting to know Rosalind as she grows into her character. I can totally appreciate the battle she has to go through as she adjusts to each new chapter of her life. I like seeing the relationships play out and the witty dialogue as well. Of course, my favorite parts are her interactions with Caine. I love their chemistry even if we don't totally understand their history yet. I definitely recommend this book. Just like the rest of their books - I was on the edge of my seat the whole time and loving it. If you want to go on an adventure with unexpected twists and turns - this is the book for you! Can't wait to find out what happens next!

The book kept me interested in the story which I think would make a great movie series! The story has come to life and the visual keys that are used allows the reader to really see it played out in their minds!

Better than the first one but there are still editing issues...but it is getting better. I'm hopeful for the next one.
