My fifteen year old daughter loved this book! It definitely kept her on the edge of her seat and she couldn't put it down. It helped her through some of her own emotional struggles with losing a loved one and was such a blessing to her and to my heart beyond what words can truly express in a review! I highly recommend the book to anyone who has teenagers! Such a talented author and we're looking forward to reading more of her books in the future.

Kendall and Hayley grew up on the country side of Pennsylvania. They enjoyed life while what was to be a great time for two sisters with church residuals and homecoming dance. Tragically gets turned into a real nightmare! While the whole community is mourning and with a trial underway. Will the truth be told surrounding the tragic accident?

Being a young female with sisters, this book really hits your heart! Definitely a page turner with a very important message to all. Excited to read more of the series!
