Solid Foundation (By Design Book 3)

Synopsis

Life is never simple in the world of politics. The pressure is on Senator Candace Fletcher to make a run for the governorship of New York State. Everyone seems convinced it's the right move for the affable senator. Everyone that is, except Candace. Life took an unexpected turn for the senator when she met and fell in love with Jameson Reid. Jameson isn't certain what is holding her lover back from pursuing the new role. She suspects Candace fears the change might damage their relationship. Can she prove to Candace that their relationship is built on a Solid Foundation?

Customer Reviews

I find fascinating the intelligence and humor that underlies the dialogues of each of the books in this series. The story is extremely attractive. The personalities of Candace and Jameson are captivating, acuity, intensity, the ever-surprising everyday... JA Armstrong knows how to round up your reader mind... Creates stories that catches you in a suggestive, fun atmosphere and also romantic... creating these absolutely absorbing, deep, adorable characters (Candace is just great). Once you

start reading J.A. books, you don't stop... It does not disappoint you. And I always end wanting more... Read them all!

Great story. Wish it was longer though. I love the characters and their relationships with each other. Michelle is my favorite, and I'd love to see more of her character. I can't wait for the 4th book to come out. This story was hilarious. I was laughing through out the whole thing. I'm grateful for the warnings I received about the humor before reading it because I would have been laughing so hard if I had been in public.

Beautifully written. Too short. Please give us more. Thoroughly enjoyed this book. I can't wait for the next book. Thanks.

The Fletcher/Reid household is going strong. JD is a good second Mom to Candace's three grown kids. Their love is inspiring and what they accomplish together is reasonable. Can wait for the next installment.

Great book, story and flow. I have now read all the books in this series and they are great. I cannot wait for the next part. I wish they were all longer as I just don't want them to end. Please read this series as you will not be disappointed!

This is the third book in the series and it still rocks I love Jamison and Candace and her family, they built together .Heading to number four in the series.

My favorite series of JA Armstrong's. I love Candace's and Jamison's and all of the ups and downs these two go through. A great read and would not miss one of hers.

As the song goes. Emotional development still happening - for most of the family, and the sex is HOT! Definitely one for the must-read list! Parts of Solid Foundation made me laugh out loud in public. Thank you, verra much, indeed.
