I am so happy I ordered this calendar! I was afraid that positivity calendars might be cheesy and lame. I was happily surprised that this calendar is not! It's colorful, it has beautiful artwork, and the quotes honestly inspire me! Some of the quotes are from my FAVORITES like Ralph Waldo Emerson and Henry David Thoreau. There are also some famous quotes from authors, celebrities and US Presidents and more. Most importantly, the quality of the paper in the calendar is excellent! It tears off smoothly and perfectly each day. I am actually really surprised at the low price of this calendar, considering I've bought calendars 2 or 3 times the price of this that just aren't nearly as good.

I love this daily calendar...well, it's daily except one page is for both days of the weekend. Each

page has a drawing and a saying. Sometimes the drawing is just a flower, other times a bit more involved (such as cardinals and flowers). The sayings are also nice and short, but generally positive for the day. I usually buy the Zen page-a-day, but think I like this a bit better. Turning the page to see a nice picture and short saying is wonderful.

This calendar was just the perfect pick me up that my sister was needing. Sometime close to Christmas time, my sister was going through a difficult time in her life, so I got this great idea to find her a little pick me up every day kind of gift and I came across this Seize the Day 2016 Boxed/Daily Calendar by Robin Pickens. I was so happy with this purchase! The quotes are amazing and the artwork is fantastic! I love seeing the smile on her face when she reads them each and every morning. This was exactly what I was looking for and I don't think I could have been happier with anything else.

Disappointed. I had another daily calendar (today's going to be a great day) last year. Tried this one and it's much smaller - overall - but also the image is much smaller on each page so you can hardly read it, lastly the words are meh. Not inspiring. Most importantly, it's shoddy quality. The pages as mentioned are small and image is even smaller and the paper is very thin. Lastly, the pages fell off of the plastic back/stand only two weeks into the year!!!! So now the pages are just loose. Trashing this and going to hunt down a calendar that will actually add something to each day.

I bought this calendar along with another desk calendar at the same time. One for home and one for office, and they both had the same issues. This calendar fell apart from its holder but I ended up keeping it because I liked the content of the calendar. I rigged mine up by taping the black stand to the calendar with clear shipping tape. After I did that I tried to stand up the calendar but it could not stand up so I rigged it to an open position by taping a binder clip between the calendar and the prop of the stand. I attached photos.

Colorful, beautiful art and uplifting daily quotes to inspire you with positivity each day. Very good value! Similar page-a-day calendars can sell for \$15 or more. Just perfect.

Another year with this calendar sitting on our kitchen counter top will give me inspirational quotes every day. The nice illustrations inspire me and it's a little pick me up every new morning. I've been buying this calendar for several years now and I simply love it.

We buy this desk calendar every year. Our teenager loves to be the one to rip off yesterday's page to reveal the new quote and she reads it aloud to all of us. Neat to see who the quote will be from each day. Sometimes the quotes are by the artist herself.
