The Dark Story Of Eminem (Updated Edition)

Synopsis

Nick Hasted's ground-breaking book traces Marshall Mathers' rise to fame from schools and workplaces of his native Detroit to global superstardom. The author lays bare Eminem's relationships with his mother, his teenage soul-mate Kim Scott, producer Dr. Dre and the Bass Brothers who guided and inspired him from the age of 14. This new edition comes right up to date, charting Eminem's period of seclusion following the death of fellow rapper and close friend Proof, who was shot dead in 2006, covering Eminem's battle with addiction to painkillers and finally analyzing the huge success of the two albums spawned by these events, *Relapse* and *Recovery*. Customer Reviews

"A serious and even handed account." - Q magazine "The best of a sudden flurry of biographies charting the rise of this brilliant, troubled Detroit rapper." - Daily Telegraph

Nick Hasted writes on music, movies, books and comics for The Independent, The Guardian and Uncut magazine. Â

I liked the insights into the "real" Eminem. The person. He is a genius and even a book purportedly about his dark side comes off as a positive. Long live Em!

Amazing read!!!!!! Understand everything about his music now and the time line of his albums!! Wow

what a great book!!

We all have them, sometimes they win, sometimes we do. Even people who seem to have everything are still products of their dysfunctional past. Enjoyed the book, love the man and his music.

This book was an amazing read and I learned many things that I hadn't before. I fully recommend it eminem fan.

Very interesting. Had a hard time putting it down.

This book retells the story of Eminem's life and perfectly shows the intensity and impact of the rap god. It is a truly inspiring tale told by someone who was well informed of Marshall Mathers' life. I would recommend this book to everyone, especially fans of Eminem.

Good story

I got this for my friend for Christmas and she loves it, really goes deep into Eminem's history and life.
