Customer Reviews

Book by Moesly, Sue

Having read several books on circumnavigations, I was looking for one that covered some of the details such as courses and specifics of sailing more than storytelling and this book does that. I ordered the set and ended up not reading the second half because I found them unlikeable. Still the illustrations and detail are great.

Again, I bought it because she was my Aunt Sue and I wanted to have her book. Actually, one of these I purchased as a gift for my brother, who is a boat captain and has gone many, many places. Not as many as Aunt Sue, but I thought that being a captain, he would like it too.

Really well done. Meticulous, hand-drawn charts. Very approachable style. Now if I can just find Volume II ...

As a sailer planning a world cruise, I view this book as one of the best cruising books I have read because it touches so much on the cultures and people along the way rather than merely on the sailing aspects. I have only read volume one and am eagerly awaiting volume two. If you are not a

sailer, this is a superb armchair travel book. You will really feel you are meeting people all over the globe. Sue manages to convey the excitement, beauty, learning and sharing of a couple sailing around the world.

This is a great read that will fill your imagination of a circumnavigation by Sue and Don Moesly. Sue is great but I struggled reading sections on Don's nasty behavior. Sue, next time leave Don at home.
