#BeUnstoppable with Choy/Clark's Basic Grammar and Usage! [View larger](#)

[View larger](#) [View larger](#) [View larger](#) Clear explanations of grammar rules and structures with examples help you learn each point. Lessons are followed by two exercises. One set focuses on the new material, and the second set of exercises reviews material covered in earlier lessons. Lessons build on all the lessons you have already completed, reinforcing your understanding of the concepts. Each unit ends with a composition for you to proofread for errors and then correct, to demonstrate that you know the material.

There were some of us, my age, that the schools decided to try not teaching grammar. Yeah, it was awful, so they started up again. Meanwhile, some of us were left not knowing basic things like prepositions. I got rid of most of my college books, but this one remains on my bookshelf!

Served it's purpose. I'd recommend this.

Very helpful in my first college class

WAY TOO MUCH WRITING IN THIS RENTAL

The only bad thing about this book is it's missing all of the "Exercise A" pages so if your teacher wants you to use those pages look elsewhere.

I have enjoyed learning from this book. Attending college for the first time and learning this has further encouraged me to write.

I bought this book on my college teachers recommendation. I have used the book in class now for 8 weeks and I have learned so much using it. English is one of the hardest languages to learn, but using this book has taken the sting out of that learning. If you are in school, going back to or just want to brush up on your English I suggest you pick up this book. JT

It's different from the one from the bookstore. I does not have the activities I need to do.
