# Cowboy Carving With Cleve Taylor (Schiffer Book For Woodcarvers)

## Synopsis

Accomplished carver Cleve Taylor brings the hard-working western cowboy to life in basswood. A combination of exacting detail and wry good humor make his carvings unique. Now Cleve shares his carving methods, combining hand and power tools, with you. Follow the detailed and lively instructions presented here to learn his techniques for creating western art. Each step is well illustrated with full color photographs. Once the piece has been carved, Cleve provides detailed instructions for painting and finishing the work. Patterns for four cowboys and a horse are provided. An additional pattern for a unique flexible wooden body pattern used to create a variety of realistic poses is included as well. The gallery provides perspectives of the cowboy carved and additional cowboys to fire the imagination and inspire the intermediate and advanced carver. The detailed instructions will make this book an enjoyable and educational challenge for the beginner as well.

## Customer Reviews

I have carved most of the Cowboys in Taylor's book. I love his patterns and wish there were more. His designs and patterns are Taylor made (excuse the pun) for carvers of all types. I use standard carving knives and work also with power tools, especially for the initial rough outs. His patterns are easy to follow and just plain fun. The shelves in our home are alive with cowboys usually interacting with one another. Usually I don't carve them with the interaction in mind, they just fit that way. If you haven't tried Taylor, I highly recommend his books. I have to write that because I don't know him personally.

Great sketches and pics to show how to do it. Thanks so much !

was as described

Very nice book. Lots of inspiration and demonstration. Not for the beginner. Should have a little experience at simpler stuff first. Good stuff.

Wasn't what we expected.

I do some carving from time so I like it

enjoyed book. has good detail for carving cowboy

Great book with step-by-step directions and pictures. Cleve Taylor has made this easy for beginners to advanced carvers to carve several versions of a cowboy.
