plenty of photos--yummy recipes-it came recommended by a Thai women at our restaurant great dishes will keep me busy yum yum

I have only done one recipe so far. It was easy and very good. I have a small collection of Thai cookbooks and this one seems to have much easier recipe's than the others. I love them all as I love the cuisine.

This is a great book for new or intermediate thai cooks. We bought the book because we wanted to try to make some of our favorite take out dishes in our own kitchen. We did have to find a asian food store that sold the curry paste and fish sauce... (much cheaper than the Mega Market), which was

part of the fun. About 80% of the recipes are things you can actually make yourself... Also there are descriptive pages about the types of foods, ingredients, spices, and lots of colorful fantastic pictures. My wife now thinks I cook better than the take out joint... !!
