Two Bit: Satan's Fury MC

Synopsis

Where I was his weakness, he became my strength. Two Bit: I've never been one to hold back. I've always said what was on my mind - right or wrong - and earned my name because of it. Giving my two cents hasn't always been a good thing, but on one fateful night, it led me to her. She was a once-in-a-lifetime kind of girl. Undeniably beautiful. Fearless. Unforgettable. I wanted her, but getting mixed up with her nearly cost me my life. I tried to fight it. I tried to save myself from the flame... but after one touch, I knew there was no turning back. Zoe would be mine. Zoe: Sometimes, you've got to hit rock bottom before you can find a way to move forward. Well, it's time for me to find a way to move forward, because I'm sure as hell hit rock bottom. My father, the president of the Chosen Knights, died and left me a legacy I didn't want. The club was supposed to be my family, but with my father gone, they'd gotten tangled up in things I wanted no part of. I wanted out, free from the torment, but I was stuck with no money and no place to go. I'd thought all hope was gone. Until he walked into the bar. As if he'd stepped out of my dreams, he was everything I'd ever wanted. Brave. Loyal. Drop-dead gorgeous. Being with him came at a price - a price I wasn't sure either of us could pay. When sparks fly and ignite a war, who will be left standing in the ashes? The brothers of Satan's Fury earn their name in this fast paced, insta-love, action packed, MC romance. Customer Reviews

I'm a fool when it comes to Leslie Wilder's Satan's Fury MC men and Two Bit adds to all my craziness. I loved everything about this story, my giddiness only intensified when the names of Stitch, Cotton, Clutch, Big and the other members were mentioned. This story is intense with the need for revenge and the want to take down another MC club, this story kept me on my toes. Two Bit is one of the biggest and strongest of the Satan's Fury MC members that speaks his mind and rambles on when nervous. He fights for what's right and he loves and will protect his brothers, even if it means risking his life. Two Bit has a big heart, I felt like I wanted to hug and protect him at times. I love that when he finds the one girl he can't get off his mind, he's willing to help and protect her in any way possible at the same time he wants to make her see that they are perfect for each other. Zoe's life has turned out to be nothing like she had ever expected. After the death of her father who was the President of the Chosen Knights, she now finds herself trying to just get by and not end up like her father, who she feels was murdered by his own club members. Everything changes for her in one night, when she is rescued by a stranger. Zoe can't get this stranger off her mind but when she finds out he is a member of Satan's Fury, she knows she has to keep away from him for his and her sake. Two Bit is everything I expect from Leslie Wilder, a sexy, big hearted, protective MC man that will put his life on the line for the ones he loves. This is an amazing group of MC men that have each others back. This story packs a punch when it comes to the action and story-line, the passion is raw yet intense - I felt it in my bones. Two strong characters that are perfect together. Can these Satan's Fury MC men get any better? I can't wait for more from L. Wilder, this is a 5 Star action packed read.

Two Bit doesn't have impulse control issues, he just can't seem to stop saying what is on his mind. Giving his opinion has always been an issue, even if he ends up in a bad place after giving it. Or in this case, an alley because he wasn't going to stand aside while a woman

was manhandled. Choices are interesting things, and the choice that Two Bit makes lands him in a place that is a combination of heaven and hell because of the angel that he tried to save. The angel that becomes him life. Zoe couldn't believe the curveball life threw at her. Her father's death place her in a tailspin that she just can't seem to get out of. His club, the Chosen Knights, has changed since he died. She suspects that they might have had a hand in his death, but there is no proof. There was no escape as she had nowhere else to turn to. But then he came into her life. A white knight that ended up hurt for helping her made her feel, but then sent her into another spin when she found out he was a member of Satan's Fury. Danger and passion collide in TWO BIT! L Wilder has created another awesome story with the dangerous and sexy men of the Satan's Fury MC. Two Bit is at times sweet and kind, but he can turn dangerous and deadly with a blink of the eye. He and Zoe are such a cute couple and one that makes sense. Zoe is a perfect balance for Two Bit. She can be at times soft and innocent, and at other times world weary and hard. The two of them together just seem to fit. Two Bit has definitely earned his places as my newest book boyfriend! As always L. Wilder has really given us an action packed MC Lovestory. She and her writing skills have got me Obsessed with this series. No two books are the same or even similar in this series. This book is all about Two Bit whom we know from previous books. I love getting to know their backgrounds and then getting their story. Seth and Zoe meet under very different circumstances but just from the First meeting, Seth makes it so hard not to fall in love with him. Through ups and downs, Through thick and thin, watching these two fall in love and watching protect and stand by each other was utterly awesome. This has everything we have come to love about Satan's Fury Series, so lovers of these MC boys like me will not be disappointed at all. Grab it now ladies. Enjoy!!!!

Two Bit is a member of the Satan's Fury MC, and has never been one to hold back. So when he sees a beautiful woman being harassed by another bike in a bar, he takes up for her, which lands him in the hospital. And after he's patched up, he realizes that it was worthy, and would do it again, as he can't get this woman out of his head. Zoe was the princess of the Chosen Knights MC, until her father dies. Now she's had to watch the members destroy everything her father worked so hard to create, and it's breaking her heart. But the only way for her to get through college, is stay with the club, but it's getting harder and harder. Until he walked into the bar, like a man out of her dreams, but being with him came at a steep price. When she's given a horrible choice, will Two Bit be able to

save her from a terrible fate? I freakin' LOVE LOVE LOVE this author's alpha bikers, and Two Bit is no exception. He's the perfect alpha, without being a total douche. And Zoe was an awesome heroine, as she wasn't waiting for a white knight, she was going to save herself. Together their fiery sparks flew out of my kindle trying to take out my drawers. In my fan girl opinion, L. Wilder is brilliant with her exciting writing style, and I'm completely hooked! Plus, I can't forget the twists that kept the f-bombs dropping while my heart tried to pound out of my chest! I could go on and on about her uber sexy bikers all night as I'll NEVER EVER get enough of them, but in the meantime, I'll just end with HIGHLY HIGHLY HIGHLY RECOMMEND!
